**MEMORANDUM**

**DATE:** January 12, 2023

**TO:** MGSA Board of Directors

**FROM:** Michael Frank, Executive Officer

**SUBJECT:** Virtual Meeting Authorization Under Assembly Bill 361

---

**Recommendation**

Adopt resolution 2023 - 01 authorizing remote teleconference meetings of the MGSA Board of Directors pursuant to Assembly Bill 361.

**Discussion**

Prior to the COVID-19 pandemic, Government Code Section 54953(b)(3) of the Ralph M. Brown Act ("Brown Act") allowed members of a legislative body to attend a public meeting by teleconference only if each teleconference location was listed on the agenda, the agenda was posted at each teleconference location and each teleconference location was open to the public. Additionally, the Government Code Section 54953(b)(3) required that a quorum of the legislative body must participate from locations within agency's boundaries.

Throughout the pandemic, certain Brown Act provisions have been suspended through a series of California Governor Executive Orders which allowed public agencies to conduct virtual meetings via teleconference platforms. The most recent, Executive Order N-08-21, expired on September 30, 2021 and was replaced by Assembly Bill (AB) 361 which amends Government Code section 54953(e) until January 1, 2024.

Under AB 361, local agencies can hold public meetings by teleconference without reference to otherwise applicable requirements in Government Code section 54953(b)(3) so long as (1) the legislative body complies with certain requirements, (2) there exists a declared state of emergency, and (3) one of the following circumstances is met:

1. State or local officials have imposed or recommended measures to promote social distancing; or

2. The legislative body is holding the meeting for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; or
3. The legislative body has determined, by majority vote, pursuant to option 2, that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

MGSA desires to continue to hold public meetings by teleconference, and the following conditions have been met consistent with Government Code section 54953(e):

1. The Governor of California proclaimed a state of emergency on March 4, 2020, pursuant to Government Code section 8625, which remains in effect; and
2. Local officials have imposed or recommended measures to promote social distancing (attached to this staff report).

Pursuant to the provisions of AB 361, the attached resolution allows for teleconference meetings for the next 30 days. In the event that the Board desires to continue to hold meetings via teleconference beyond 30 days, the Board of Directors will adopt another resolution authorizing remote teleconference meetings at the beginning of the next Board Meeting.

**UPDATE – The Governor has ended the state of emergency as of February 23, 2023. Therefore, MGSA Board Meetings following that date will be held in person, possibly with virtual options as determined by the Board.**

AND DETERMINATIONS REGARDING THE SAME**

**RESOLUTION 2023 - 01**

**WHEREAS**, the Board (the “Board”) of the Marin General Services Authority (the “Authority”) is committed to public access and participation in its meetings while balancing the need to conduct public meetings in a manner that reduces the likelihood of exposure to COVID-19; and

**WHEREAS**, all meetings of the Authority are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code 54950 – 54963), so that any member of the public may attend, participate, and watch the Board conduct its business; and

**WHEREAS**, pursuant to Assembly Bill 361, signed by Governor Newsom and effective on September 16, 2021, legislative bodies of local agencies may hold public meetings via teleconferencing pursuant to Government Code Section 54953(e), without complying with the requirements of Government Code Section 54953(b)(3), if the legislative body complies with certain enumerated requirements in any of the following circumstances:

1. The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.
2. The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.
3. The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; and

**WHEREAS**, on March 4, 2020, Governor Newsom declared a State of Emergency in response to the COVID-19 pandemic (the “Emergency”).

**WHEREAS**, on September 22, 2021, the Director of the Marin County Department of Health and Human Services issued a letter to the President of the County Board of Supervisors to

recommend a continued emphasis on social distancing measures as much as possible to make public meetings as safe as possible.

**WHEREAS**, the Centers for Disease Control and Prevention continue to advise that COVID-19 spreads more easily indoors than outdoors and that people are more likely to be exposed to COVID-19 when they are closer than 6 feet apart from others for longer periods of time.

**WHEREAS**, due to the ongoing COVID-19 pandemic and the need to promote social distancing to reduce the likelihood of exposure to COVID-19, the Authority intends to hold public meetings via teleconferencing pursuant to Government Code Section 54953(e).

**NOW, THEREFORE, THE BOARD OF THE MARIN GENERAL SERVICES AUTHORITY DOES RESOLVE AS FOLLOWS:**

1. The Recitals provided above are true and correct and are hereby incorporated by reference.
2. The Board hereby determines that, as a result of the Emergency, meeting in person presents imminent risks to the health or safety of attendees.
3. The Board of Directors of the Authority shall conduct their meetings pursuant to Government Code section 54953(e).
4. Staff is hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act.
5. This Resolution shall take effect immediately upon its adoption.

Adopted this 12th day of January 2023.

Re: Public Meetings/Social Distancing

Dear President Rodoni:

On September 20, 2021, Governor Newsom signed AB 361. The legislation provides that local agencies may continue to hold certain public meetings via video/tele-conference as they have done during the Covid-19 emergency. The legislation allows such meetings to continue during a proclaimed state of emergency if state or local officials have recommended measures to promote social distancing.

Local government meetings are indoor meetings that are sometimes crowded, involve many different and unfamiliar households, and can last many hours. Given those circumstances, I recommend a continued emphasis on social distancing measures as much as possible to make public meetings as safe as possible. These measures can include using video/tele-conferencing when it meets community needs and spacing at in-person meetings so that individuals from different households are not sitting next to each other. I will notify you if this recommendation changes while the Governor's state of emergency for COVID-19 remains in place.

Respectfully,

Benita McLarin  
Director, Health & Human Services

**DATE:** January 12, 2023

**TO:** MGSA Board of Directors

**FROM:** Michael S. Frank, Executive Officer

**SUBJECT:** Marin County Stormwater Pollution Prevention Program (MCSTOPPP) Fiscal Year 2023-24 Proposed Budget

---

**Recommendation**

By motion, staff recommends adoption of the attached Resolution 2023-02 supporting the proposed budget and forwarding a recommendation to the Marin County Board of Supervisors.

**Discussion**

Rob Carson, MCSTOPPP Program Manager, has prepared the FY 2023-24 MCSTOPPP budget for review by the MGSA Board and a recommendation to the Board of Supervisors.

The attached memorandum and attachments from Mr. Carson review the proposed budget in detail. In summary, the Fiscal Year 2023-24 budget increases member contributions by \$50,000 to start addressing the design of trash collection devices, decreases total expenditures by \$307,188 vs. prior year budget (primarily due to the exclusion of Optional Permit Services for jurisdictions), anticipates utilizing \$132,593 from reserves to balance the budget, and projects a year-end fund balance of \$110,233.

MGSA staff is supportive of the recommended budget. Mr. Carson will be at the January 12, 2023 Board Meeting to discuss the budget and answer questions of the Board.

**Recommendation:** Accept report and recommend approval of Proposed FY 23-24 MCSTOPPP Budget.

**County of Marin**

**Introduction**

**Fairfax**

Thank you for this opportunity to present the proposed FY 23-24 MCSTOPPP Budget. The proposal reflects the costs of MCSTOPPP’s FY 23-24 Annual Program Implementation Plan approved by the MCSTOPPP Agency Staff Committee at the January 2023 meeting. Your participation in the Marin County Stormwater Pollution Prevention Program (MCSTOPPP) provides great value to the member jurisdictions and helps ensure compliance with the Phase II Stormwater Permit and protection of the environment in a cost-effective manner.

**Larkspur**

**Mill Valley**

**Novato**

**Background**

**Ross**

The Marin County Flood Control and Water Conservation District, a special district under the County Board of Supervisors (BOS), administers MCSTOPPP through a Joint Exercise of Powers Agreement. The County BOS adopts MCSTOPPP’s annual budget each June, after the budget is reviewed and recommended to the Flood Control District BOS by the MGSA Board.

**San Anselmo**

**San Rafael**

Staff are still awaiting the reissuance of the statewide small municipal stormwater permit (Phase II permit) by the State Water Resources Control Board (SWRCB). Until a new permit is issued, Marin’s municipal permittees must continue to implement existing permit requirements from the 2013 permit. Staff were anticipating reissuance in late 2022, but the State’s schedule was delayed due to other statewide permit processes and efforts to regulate K-14 public schools in the next Phase II permit. We now anticipate an administrative draft permit in early 2023, with a likely adoption hearing in early 2024 and an effective date of July 1, 2024.

**Sausalito**

**Tiburon**

The delay in reissuance has enabled MCSTOPPP to use existing staff and consultant resources to focus on engaging with the state regulators on drafting permit language for the next issuance, as well as to proceed with pollutant control program planning to help inform local municipal implementation efforts. However, despite the delay in permit reissuance, mandated compliance deadlines for pollutant control programs for trash as well as PCB and mercury approach in less than 8 years and without continued progress, MCSTOPPP member agencies are at risk of missing deadlines and funding opportunities to help leverage implementation costs.

**Discussion**

Since at least 2014, MCSTOPPP staff have been communicating to municipal public works directors and city/town managers the need to budget for future capital improvement costs associated with mandated trash control and other pollutant specific TMDL requirements (PCBs, mercury, pesticides, pathogens). Those capital investments in stormwater projects are needed currently and anticipated to continue in future budget years. These costs are for local capital, engineering design and project management support, above and beyond the anticipated MCSTOPPP countywide stormwater program costs. MCSTOPPP’s ability to secure competitive grants and cooperative agreements for state agency funding will depend on our member municipality’s ability to deliver stormwater infrastructure improvement projects.

Please consider the following when comparing the proposed FY 23-24 budget to the previous year.

- **Professional Services** – The proposed FY 23-24 budget includes a slight decrease in professional and consultant services from FY22-23. The decrease is due to the delayed release of a revised permit. As a result of these delays, we have been able to stretch FY22-23 funding to cover some consultant contracts through FY23-24 for technical and regulatory support for permit negotiations as well as research and assessment of pending TMDL requirements and regulatory programs.
- **Staff Salaries** – Relatively little 5.4% increase over the FY 22-23 budget. The slight increase is an anticipated step increase for existing staff as well as a 2% cost of living adjustment included in FY 23-24. Staff salary costs include benefits and direct overhead.
- **Agency Contributions** – A proposed increase of \$50,000 (5.5%) in FY 23-24 proposed member agency contributions over FY 22-23. The developing regulatory environment and efficiencies of countywide programmatic support will probably reduce overall MCSTOPPP budget increases over time. Increases in contributions now will mitigate future increases by drawing down the reserve funds over time.
- **Reserve Funds** – The reserve fund is healthy, resulting from underspending the past several years’ MCSTOPPP annual budgets (due mostly to delays at the state level on regulatory development and permit reissuance). The proposed FY 23-24 budget includes the use of about 54% of the reserve funds while still maintaining a robust operating reserve to allow for unanticipated permit compliance or grant-related costs. This will allow for MCSTOPPP to keep increases to member agency contributions more even over the next two-to-three years to meet anticipated programmatic and regulatory demands.
- **Optional Permit Implementation Services** – In 2021, the MGSA Board and the District Board of Supervisors approved revisions to the MCSTOPPP Joint Exercise of Powers Agreement (JEPA). These revisions included the establishment of a mechanism for MCSTOPPP to provide additional services to one or more member agencies, outside of the baseline program administration and implementation services. These are termed “Optional Permit Implementation Services”. Details about all the budget categories can be found in the attached Exhibit B – Budget Category Definitions.

The proposed FY23-24 MCSTOPPP budget does not currently contain a proposed optional permit implementation services project at this time. If current fiscal year projects lead to future

needs that can be shared by affected municipalities, a project can be developed and circulated for financial commitments by the participating municipalities.

The proposed budget includes a contribution from MCSTOPPP member agencies of \$950,000. This contribution is supplemented by over \$132,000 in MCSTOPPP reserve funds to balance the proposed \$1,684,233 in projected expenses. The use of reserve funds beyond those proposed for use to balance the FY 23-24 budget would only be appropriated into the MCSTOPPP budget by the Flood Control District Board after MCSTOPPP receives a recommendation from the MGSA Board.

Exhibit C below lists the individual MCSTOPPP contribution amounts by agency for the proposed FY 23-24 MCSTOPPP budget.

MCSTOPPP staff will notify Marin’s finance directors of the MCSTOPPP municipal contribution amounts upon receiving a recommendation from the MGSA Board. MCSTOPPP may also communicate information about the fiscal impacts and timing of future requirements in this notification.

Table 1 summarizes the proposed FY 23-24 budget and the FY 22-23 adopted budget and projected actuals. The budget detail is available in Exhibit A below.

\*The reserve amounts shown for the current and proposed FY are based on best available information pending the final audit of MCSTOPPP's past FY financial statements.

**Projected Program Needs Beyond FY 23-24**

Marin permittees should anticipate costs for stormwater compliance to increase beyond FY 23-24 to account for pollutant specific TMDL and trash control programs, including significant

capital costs around design, installation and maintenance of trash capture and the integration of low impact development and green infrastructure into public projects. These costs will impact local municipal capital improvement budgets directly, in addition to costs to support MCSTOPPP.

MCSTOPPP will continue to follow the reserve recommendations of the MGSA Board and MCSTOPPP Budget Subcommittee to maintain at least a 5% operating reserve. This reserve funding will not be appropriated into the annual MCSTOPPP budget unless through recommendation from the MGSA Board to the Flood Control District BOS.

**Formula for Calculating Contributions to MCSTOPPP**

County Share =  $\frac{\text{Population of unincorporated areas within Marin County}}{\text{Total population within Marin County}}$

Each City/Town Share =  $\frac{(1.00 - \text{County Share}) \cdot 0.5(\text{Area}) + 0.5(\text{Population})}{\sum \text{City Areas} \quad \sum \text{City Population}}$

The "Alameda Formula" was selected as the simplest method of allocation for determining each municipality's contribution to MCSTOPPP. This formula was recommended to Marin's City Managers who approved its use in 1992. It has worked well in Alameda County and is easy to use. The County's share is calculated solely on the basis of population. A weighted formula using population and area is used for the

## **MEMORANDUM**

**DATE:** January 12, 2023

**TO:** MGSA Board of Directors

**FROM:** Michael S. Frank, Executive Officer

**SUBJECT:** MGSA FY 2022-23 Work Plan Status and Input on FY 2023-24 Work Plan

---

### **Recommendation**

No formal action requested.

### **Discussion**

During 2017, the MGSA Board engaged in a strategic planning process whereby the Board developed a mission statement, discussed where MGSA was headed as an organization, and explored the scale and scope of the Authority's programs. The adopted Mission Statement follows:

*"The Marin General Services Authority provides the administration of a variety of programs and services where the policy issues are generally established, in arenas that are more cost effective to provide collectively or are significantly enhanced through partnering for the benefit of the greater Marin community."*

At the January 11, 2018 meeting, the MGSA Board directed the Executive Officer to convert the work that had been done on a Draft Strategic Plan into an annual MGSA Work Plan. The FY 2022-23 Work Plan is attached along with the status of each item.

Staff is looking for any input the Board has regarding upcoming goals and initiatives for FY 2023-24. Staff will consider this input as part of the development of the FY 2023-24 Budget and the FY 2023-24 Work Plan. The second attachment includes some preliminary Initiatives for the Board's consideration.

## Mission Statement (adopted January 11, 2018)

*The Marin General Services Authority provides the administration of a variety of programs and services where the policy issues are generally established, in arenas that are more cost effective to provide collectively or are significantly enhanced through partnering for the benefit of the greater Marin community.*

## Background

The Marin General Services Authority (MGSA) was formed in 2005 by the cities, towns and County of Marin. While today the Marin General Services Agency ("MGSA") administers widely different government programs, it was originally formed in 1985 as the Marin Street Light Acquisition Authority ("MSLAJPA") to acquire streetlights from PG&E to save maintenance costs.

MGSA is a joint powers authority (JPA). A joint powers authority is an entity permitted under the laws of some U.S. states, whereby two or more public entities (e.g. local governments, or utility or transport districts), may jointly exercise any power common to all of them. Joint powers authorities are particularly widely used in California (where they are permitted under Section 6502 of the State Government Code), but they are also found in other states.

The authorizing agreement states the powers the new authority will be allowed to exercise. Joint powers authorities receive existing powers from the creating governments; thus, they are distinct from special districts, which receive new delegations of sovereign power from the state.

The Joint Powers Authority Agreement creating MGSA states, "The purpose of this Agreement is to establish a public entity separate from the County, Cities, Towns, and Special Districts. This Authority will finance, implement and manage the various municipal services assigned to it." MGSA offers various public services effectively and efficiently throughout the county in a uniform manner with minimal overhead expense.
